

The Bouncing Souls, The Toilet Song

Who's gonna throw the toilet?
Who's gonna throw the toilet off the roof?
We already smashed the TV with a guitar and a vacuum

Who's gonna throw the toilet?
Who's gonna throw the toilet off the roof?
Lighting fireworks throwing bottles upstairs in the red room.

Dave carried it up from the cellar, bowl tank and all
Now we just have to take it on the roof we can watch it fall.

Who's gonna throw the toilet?
Who's gonna throw the toilet off the roof?
The landlord says you've got your your laws
And I've got mine

Who's gonna throw the toilet?
Who's gonna throw the toilet off the roof?
Nobody's has anywhere to live
Things are getting out of line

Who's gonna throw the toilet?
Who's gonna throw the toilet off the roof?
Who's gonna throw the toilet off the roof?
