

The Bouncing Souls, Wish Me Well (Go To Hell)

(featuring Kara Wethington)

I've got to be me baby and
you gotta be you

Something isn't right but i know i love you
I only want what's best

M-i don't know Is this
some kind of test.

W-Yeah and you're failing
all we do is bicker

Chorus

Say goodbye

Kiss my ass I hope you die

Wish me well

You can go to hell x2
We were so different a short time ago

Love is suppose to make us happy
supposed to make us grow
But i just wanna punch you in the face

i love you i guess needed some space
Oh well another time and another place

Chorus

Spoken:
