

The Boxer Rebellion, Evacuate

I don't wanna say
If it goes away
And I don't wanna try
You don't have to lie

And I don't think I said
What I should have said
I never caught you out
Though I had my doubts

Wait
When there's nothing left to waste
On a promise I can make
You don't want no one this way
Wait

And I don't see inside
Where you try to hide
And I don't wanna do
What you asked me to

Wait
When there's nothing left to waste
On a promise I can make
You don't want no one this way
Wait

We see each other from the corners of the room
I think that when this mess is over
Never make a move
When all I see is broken down to every size
I will remember how I got here
Love in every eye
I don't remember if the rest are ever good enough
And I don't remember if the rest will ever mean as much

And I don't wanna say
If it goes away
And I don't wanna try
You don't have to lie
