

# The Brian Setzer Orchestra, Straight Up

Hey bartender  
I got a lover but it's not what it seems  
Pour me a drink if you know what I mean  
Don't mix it up, gimme straight what you got  
I don't want it on the rocks I want my lovin straight up

Well my baby don't love me hey don't you see  
Straight no chaser is alright by me  
Don't mix it up gimme straight what you got  
I don't want it on the rocks I want my lovin straight up

Hey my baby don't love me hey don't you see  
Straight no chaser is OK by me  
Don't mix it up gimme straight what you got  
I don't want it on the rocks I want my lovin straight up

She'll win you all over with wine and a song  
Love you all night and by morning she's gone  
Don't mix it up gimme straight what you got  
I don't want it on the rocks I want my lovin straight up

Well I don't wanna be chasin her all over town  
Love is like whiskey you drink it right down  
When you're all finished there ain't no denying  
Man you're really flying  
Hey bartender  
One more for good luck  
Gimme all that you got  
I want my lovin straight up
