

# The Browns, Halfway To Heaven

Halfway halfway to heaven I walked here with you up and to the stary blue  
Halfway halfway to heaven is where we stopped and then you dropped  
From out of my arms  
You took me by my hand and made me understand  
That love is oh so grand then spoke of wedding bands  
And then our hear's began to beat as one and then  
You slipped away and left me stranded  
Halfway halfway to heaven I'm way up here above with no one to love  
You took me by my hand...
