

The Business, Death To Dance

It drives me mad, it makes me sick
There's no booze to make 'em tick
Just ecstasy and laser lights
They're too high to wanna fight
DEATH TO DANCE, DEATH TO DANCE
GOTTA KILL IT OFF WHILE WE GOT A CHANCE
Anonymous faces senseless noise
Music by numbers electric toys
Kids ain't brainless know what you nicked
Money from mugs another bands hit
It's disco music with another name
We smashed 'em up now we're back again
Dealers in the warehouse being brave
Now the time to rave to the grave
