

# The Buzzcocks, They're Coming For You

Too much thinking's a dangerous thing  
You left me standing waiting on my own  
All I want is a passionate relationship  
You just wanna stay at home  
To save money you've got to pay the price  
Cos nothing's never ever really free

"Stay tuned for details", was all I heard him say  
I wonder what I should try and do  
The phones are tapped and the television's looking at me  
So how on earth can I get through  
Hide in a corner wait 'til it's all over  
Hold my breath until I turn blue

They're coming for you  
They're coming for you  
You say you care but I don't believe you do  
Even though I know how hard you try  
Didn't I tell you long ago  
Didn't I tell you long ago

Think of tomorrow as the only time we have  
Trapped between heaven and the sea  
And everything that happens to you  
I'm sure will happen to me  
I only hope that I'm not in  
When they come knocking at your door
