

The Buzzcocks, What Was Heaven?

I can't run to the light
It's you that I need
I could cut myself with a knife
For you babe and bleed

What was heaven without you babe
Now everything is complete
I sometimes wish it's a novel
And I'd see you in the street

All the day is the night
But somehow I just can't sleep
Somehow though it don't seem right
I had you but love didn't keep

What was heaven without you babe
Now everything is complete
I sometimes wish it's a novel
And I'd see you in the street

Sometimes I hear your voice
Echoing it makes me cry
I don't seem to have the choice
I want you but I don't wanna die

What was heaven without you babe
Now everything is complete
I sometimes wish it's a novel
And I'd see you in the street
