

# The Byrds, Natural Harmony

Fallin' free, me and you  
Happenin' so graciously  
You can't hurry natural harmony

Feel so free, wider than me  
Seems just like the day of birth  
Our first awakening to this earth

Dancing through the streets side by side  
Head thrown back, arms open wide

Going home, almost gone  
Merging with a grain of sand  
Try hard to catch us if you can

Dancing through the streets side by side  
Head thrown back, arms open wide
