

# The Byrds, The Girl With No Name

One day she came along, I didnt know her name  
My friends said to me watch out for the game  
I didnt want to believe all the things they said  
It seemed to be the right time a love affair instead

Walkin down the beach, kickin up the sand  
Not so far away wonderin where theyll land  
We talked of things to do and places that wed tame  
A one with a love to share with a girl who had no name  
who had no name

Then it came the time they said when all the good went bad  
She walked into the night, it didnt make me sad  
I felt my friends advice echo through my soul  
A one with a love to share with a girl who had no name  
who had no name
