

The Byrds, You All Look Alike

(Skip Battin and Kim Fowley)

Starlight crossed my eyes she took me by surprise
Said you'd come to town last summer brought me down
I said I'd never seen the likes of you before
She pulled a gun and not in fun I'm dyin' on the floor
You all look alike I'm sorry I don't know
You all look alike we never met before
No matter how I try to say I've never been down this way
Said I couldn't be fair 'cause you all look alike
Lyin' here and dyin' here I'm tryin' to get my strength
It's so hard to get on back when you're lyin' at full length
All the crowds and all the dogs from miles around just stare
Yhey looked at me and shed a tear I'm glad those people care
You all look alike I'm sorry I don't know
You all look alike we never met before
No matter how I try to say I've never been down this way
Said I couldn't be fair 'cause you all look alike
You all look alike I'm sorry I don't know
You all look alike we never met before
no matter how I try to say I've never been down this way
said I couldn't be fair 'cause you all look alike
