

The Cardigans, Seems Hard

Words/Music: Svensson

seems hard to understand
I think no one can
not anyone I know
no, wait I think I know
one who does
at least that's what he says

and what I mean is what I say
but I've got thoughts left anyway

seems hard to understand
I'm not sure myself
sure of what to think
I know I should trust myself
at least that's what he says

seems hard to understand
I think no one did
not anyone I knew
well, I thought I knew
one who did
it was only as he said...
