

The Carpenters, Still In Love With You

I remember the first time

I laid more than eyes on you

We've been in love for a long time

And I'm still in love with you

(* I am so still in love with you

Will you always understand

I do not know what I would do

Without you

I'm in perpetual motion

And I am always on the move

You must have slipped me a potion babe

Cause I'm still in love with you

Repeat (*)

You don't leave me any reason

I don't need no alibies

So don't ask me no questions, babewon't hand you any lies

Repeat (*)

And you know that tomorrow

Will be different than to day

We beg, steal and borrow but

But we always stay the same

Repeat (*) twice
