

The Carpenters, Two Sides

Well, there's two sides, to every situation
Yes, there's two sides, two interpretations
A laugh is a cry, hello means goodbye
You're sayin' something baby, I don't wanna buy

Well, there's two sides to every creation
You and me babe, we're no revelation
Well there's darkness in our light, and there's
wrong in our right
There's sorry babe, I'm workin' late tonight

Well, there's two sides, there's another side of me
There's the one you think, you live with,
the one you never see
It's never really lived, but it's never really died
It's never really made it but it's tried

Well, there's two sides to every conversation
But with you babe, that's no consolation
Silence is golden, let me put you on hold
Danglin' on your love line, baby, it's growin' old

Well, I don't know how to say it
Cause I never thought I could
God knows I've tried so many times
But there's two sides, there's another side of me
There's the one you think you live with,
the one you never see
It's never really lived, but it's never really died
It's never really made it, but it's tried

To every creation
We're no revelation
One sees the wrong, and one sees the right
The other side of me just caught a flight

Goodbye
