The Chainsmokers, Paris

We were staying in Paris To get away from your parents And I thought "Wow" If I could take this in a shot right now I don't think that we could work this out

Out on the terrace I don't know if it's fair But I thought "How could I let you fall by yourself While I'm wasted for someone else"

If we go down then we go down together They'll say you could do anything They'll say that I was clever If we go down then we go down together We'll get away with everything Let's show them we are better Let's show them we are better Let's show them we are better

We were staying in Paris To get away from your parents You look so proud standing there with the flower and the cigarette Posting pictures of yourself on the internet

Out on the terrace We breathe in the air of this small town On our own Cut in class for the thrill of it Getting drunk on the past we were living in

If we go down then we go down together They'll say you could do anything They'll say that I was clever If we go down then we go down together We'll get away with everything Let's show them we are better

Show them we are Let's show them we are better We were staying in Paris

Let's show them we are better Show them we are Show them we are Show them we are Show them we are Let's show them we are better

If we go down then we go down together They'll say you could do anything They'll say that I was clever If we go down then we go down together We'll get away with everything Let's show them we are better
