

# The Chameleons UK, Lufthansa

I'm in a spin  
I won't let this darkness in  
Turning around  
Grinning as I leave the ground  
Wanting it all  
I'm tearing right through that wall  
Once and for all  
I'm tearing right through that wall  
Taking it out

A little rain's going to keep on falling on me  
I'm going to keep on calling to you  
A little rain's going to keep on falling on me  
I'm going to keep on calling to you  
I'm going to keep on calling to you  
I'll keep on calling to you

I'm in a spin  
Spinning at the speed of sound  
I'm in a spin  
Hanging with the lost and found  
I'm on fire  
Rushing all the way to you  
I'm on fire  
Rushing all the way to you  
Checking it out

A little rain's going to keep on falling on me  
I'm going to keep on calling to you  
A little rain's going to keep on falling on me  
I'm going to keep on calling to you

I'm going to keep on calling to you

A little rain's going to keep on falling on me  
I'm going to keep on calling to you

A little rain's going to keep on falling on me  
I'm going to keep on calling to you  
A little rain's going to keep on falling on me  
I'm going to keep on calling to you  
(A little rain's going to keep on falling)

I'm on fire  
Beside you  
I'm on fire  
Beside you  
I'm on fire  
Beside you  
Beside you  
Beside you  
Beside you  
Beside you  
Beside you  
I'm on fire
