

The Chameleons UK, The Healer

Here comes the sun
Calling out to everyone
Here comes the sun
Falling down on everyone

Here comes the moon
Her shadows come to swallow me soon
Here comes the moon
Her shadows come to swallow me soon

It's all right
You're not the only one
It's all right
You're not the only one

There go my fears
Running on a river of tears
There go my fears
Running on a river of tears

Here comes the pain
Here comes the pain
The hurting again and again
And again and again

It's all right
You're not the only one
It's all right
You're not the only one

So I got to thinking
Perhaps I should think about staying
At least for a moment or two
I'm feeling shaky
But I'll be ok
I just don't know what to say
I don't know what to do
Please
You can take this pain away
Please
You can take this pain away

It's all right
How many can make you cry?
It's all right
How many can make you cry?
It's all right
How many can make you cry?
It's all right

Here comes the rain
Here comes the rain
Flushing all the filth down the drain

Here comes the sun
Falling down on every one
Here comes the sun
Calling out to everyone

It's all right
You're not the only one
It's all right

All right

All right

You're not the only one

It's all right

All right

For how many?

For how many?

Won't you call out to me

I'm calling for you sister

Won't you call out to me?

Please

Sister

There's so many sister

Hush now
