

The Cheetah Girls, Strut

You can breathe in the music the cities play
Move by the river the jipcies play
Deep inside comes alive

You got to strut like you mean it free your mind it's not enough just to dream it
Come on
Come on
Come on

Deep in the pavements kicking through the streets
No wonder like Picasso in the Barcelona heat
Passion is the fashion and life is poetry
welcome to the other worlds where every heart can beat.

You got ta strut like you mean it free your mind it's not enough just to dream it
Come on
Come on
Come on

You may nedd en spanol es tan wevuloe come egas as te en well en wen weve yo

You got to strut like you mean it free your mind it's not enough just to dream it
Come on
Come on
Come on
