

The Chemical Brothers, Close Your Eyes

In your eyes I can see, that you're cracking up,
In your eyes I can see, that you've had enough (and it pains my head)
In your eyes I can see, that you're cracking up,
In your eyes I can see, that you fell in love (and it pains my head)

What - if - all - that - was...
(In your eyes I can see, that you're cracking up (and it pains my head)
What - if - all - that - was...
(In your eyes I can see, that you fell in love (and it pains my head)
What - if - all - that - was coming to me? (and it pains my head)
(In your eyes I can see)
What - if - all - that - was coming to me? (and it pains my head)
(In your eyes I can see)

I'll end this love I'm in x4

Should I walk, should I wait, (turn the radio on, turn the radio on now)
what I found, Love is in the hands of tomorrow.
(turn the radio on, turn the radio on now)
Should I walk, should I wait, (turn the radio on, turn the radio on now)
what I found, Love is in the hands of tomorrow.
(turn the radio on, turn the radio on now)

What if it all were to change like I thought it would. x10
