

# The Chemical Brothers, This Is Not A Game (Fea

There it is

Find what you love and let it kill you  
Chop under pressure, thinkin' dammit  
All eyes on me like a conductor  
That mean, just play your role, you might can chime in  
Wait, play the game to change the game  
Word to Gucci, that's my hitta  
Your way is livin' in the moment?  
My way is livin' for tomorrow

Wonder what I'm doin'  
Yeah I know what I'm doin'  
Say I know what I'm doin'  
I'm talkin' 'bout a revolution

There it is (Wait, babe)  
There it is (Wait, babe)  
There it is

All around the clock  
Even when I'm under fire, preach  
No never never settle, I just stop 'em boy  
But I ain't down to [?]

Wonder what I'm doin'  
Yeah I know what I'm doin'  
Say I know what I'm doin'  
I'm talkin' 'bout a revolution

There it is (Wait, babe)  
There it is (Wait, babe)  
There it is

No this is not a game  
No this is not a game  
No this is not a game

Patience and determination  
Starin' at a body of it  
Starin' at a gladiator  
Victory is sweet and I'ma get it now and later

Wonder what I'm doin'  
Yeah I know what I'm doin'  
Say I know what I'm doin'  
I'm talkin' 'bout a revolution  
Patience and determination  
Starin' at a body of it  
Starin' at a gladiator  
Victory is sweet and I'ma get it now and later

No this is not a game, babe  
I'm talkin' turn out  
I won't ever burn out  
What I gotta make it turn out  
/2x
