

The Church, Silver Machine

I, I just took a ride
On a silver machine
And I'm still feeling mean

Oh, do you want to ride
See yourself going by
The other side of the sky
You gotta know where I've been

And it flies sideways through time
It's an electric line
To all the Zodiac signs

I got a silver machine (silver machine)
I got a silver machine (silver machine)
I got a silver machine (silver machine)
In my silver machine

It flies out of a dream
It's antiseptically clean
You gotta know what I mean

Oh, do you want to ride
See yourself going by
The other side of the sky
In a silver machine

Silver machine!
Silver machine!
