

# The Civil Wars, The One That Got Away

I never meant to get us in this deep  
I never meant for this to mean a thing  
Oh, I wish you were the one  
Wish you were the one that got away  
I got caught up by the chase  
And you got high on every little bit  
I wish you were the one  
Wish you were the one that got away

Oh, if I could go back in time  
When you only held me in my mind  
Just a longing gone without a trace  
Oh, I wish I never ever seen your face  
I wish you were the one  
Wish you were the one that got away

I miss the way you wanted me  
When I was staying just out of your reach  
Begging for the slightest touch  
Ooh, you couldn't get enough, mmm

Oh, if I could go back in time  
When you only held me in my mind  
Just a longing gone without a trace  
Oh, I wish I never ever seen your face  
I wish you were the one  
Wish you were the one that got away

Got away from me /2x  
For anybody has to breathe

Oh, if I could go back in time  
When you only held me in my mind  
Just a longing gone without a trace  
Oh, I wish I never ever seen your face  
I wish you were the one /2x  
Oh, I wish you were the one  
I wish you were the one that got away
