

# The Classic Crime, Say The Word

I had months to write a song  
That captured who you are  
But I fear I have done you wrong  
'Cause I've failed so far  
The chord that struck, an angel fell  
Sky's went dark and it all comes down  
The choices made, the lies forgotten  
Oh, well

This is the way that I know  
This is the way that I know  
I would give everything for some hope  
Are you different, could I be different too?  
Nobody knows you, nobody knows you like I do

There's a song outside my window  
And it plays to your tune  
And there's a life inside this pencil  
And it lives for what is true  
Cause I am lost for words, the cost for her  
Was way to much to bear  
You're not perfect, but I don't care

This is the way that I know  
This is the way that I know  
I would give everything for some hope  
Are you different, could I be different too?  
Nobody knows you, nobody knows you like I do

Are you different, could I be different too?  
Nobody knows you, nobody knows you like I do

Say the word, say the word  
Are you different, could I be different too?  
Nobody knows you, nobody knows you like I do

Yeah, woah

Are you different, could I be different too?  
Nobody knows you, nobody knows you like I do  
Are you different, could I be different too?  
Nobody knows you, nobody knows you like I do
