1. ?It was a really strange date ?
didn?t understand
?half the words he said - yes?
guess he was trying hard?
he started freaking out?
acting in a way girls don?t like
?blabbing some pointless stuff
can?t imagine what he did?
nothing that can impress me?
counting seconds to go back?
I regret this walking out
?I went back home?
sat down in my dorm
?feeling lil? confused
?if he calls i?ll refuse?
praying ?he lost his cell phone
?and then my voice mail turned on?
and I heard something like this
?listen?, he said:??

?I act like an idiot stop talking so wise
?becoming someone else

make a big noise?
spill the drinks
fall on trees?
crash everything ?
I wanna lighten your mood?
change my ways?
improve my state of mind?
let me do my move yeah
?daily, I?m easy goin??
but I?m stuck on you?
can?t be cool and chillin??
