

The Cooper Temple Clause, For The Last Time

I can't see you anymore
The tears have blocked my view
I think it's best that I don't see
Instead I'll keep the memory
Of you smiling back at me

My love

I can't believe this day has come
We have lost and they have won
We won't complete what we've begun
It's vanished like the setting sun
But it won't be back to comfort us
To keep us warm when we've had enough
All that's left for me to say
I'm sorry that it had to end this way

It's over
It's over

Just turn around and face the world (It's over)
Playing, walking, take a soul
This was your decision, your mistake (It's over)
Our love was never yours to take (It's over)
It's time to say goodbye
How I wish that I would die (It's over)
You had something special, someone true
Someone who really loved you

It's over
It's over

You used to lie in the dark
You picked me up from the start
And now I'm lost without you
Nothing changes day after day
I hope that this is just a phase
That I will come through

It's time to walk yourself home
For it's time

It's over
