

The Coral, Auntie's Operation

Auntie's operation
Auntie's operation
Auntie's operation
She's coming around
Auntie's operation
Auntie's operation
Auntie's operation
And you're going down

She'll want your sympathy
She'll never let you be
She's sniffing at your food
Before it's even chewed

Auntie's operation
Auntie's operation
Auntie's operation
She's coming around

Auntie's operation
Auntie's operation
Auntie's operation
And you're going down

She thinks she's world renown
With the pastor of Paris crown
Before you think ahead
She'll be sleeping in your bed

Auntie's operation
Auntie's operation
Auntie's operation
You're coming around
