

# The Coral, Dressed Like A Cow

Well I went to a movie with a girl last night  
Dressed like a cow but she looked so fine  
Bought my ticket just in time  
Sat right up close like she was mine

But then it seemed so sad  
I never felt that bad  
But then I caught her eye  
An innocence that tell's no lie

I came into the light and out of the dark  
It turns out that I was really a calf  
Oh I've been a fool for oh so long  
But how can all of theses people be wrong

But then it seemed so sad  
I never felt that bad  
But then I caught her eye  
An innocence that tell's no lie

But then it seemed so sad  
I never felt that bad  
But then I caught her eye  
An innocence that tell's no lie

Yeah
