

The Corrs, Give It All Up

Say that I'm crazy
And it's probably true
But I'm at my happiest
Just When I'm with you
There's a distance between us
So far that I can't reach
The stage lights they shine so brightly
But still I find no peace

And I'm a long long way from you

But I'd give it all up just for you
Just to have you near me
I'd give it all up just for you
You bring me up, bring me down
You turn me inside out
And I'd give it all up just for you

I've been hearing some stories
Of couples so in love
But they spent so much time apart
That it never seems to work

And I'm a long, long way from you

Still I'd
Give it all up just for you
Just to have you near me
I'd give it all up just for you
Bring me up, bring me down
Turn me inside out
I'd give it all up just for you

I'd give it all up just for you
Just to have you near me
I'd give it all up just for you
Bring me up, bring me down
Turn me inside out
I'd give it all up just for you
