

The Corrs, Looking Through Your Eyes

Look at the sky tell me what do you see
Just close your eyes and describe it to me
The heavens are sparkling with starlight tonight
That's what I see through your eyes

I see the heavens each time that you smile
I hear your heartbeat just go on for miles
And suddenly I know why life is worthwhile
That's what I see through your eyes
That's what I see through your eyes

Here in the night, I see the sun
Here in the dark, our two hearts are one
Its out of our hands, we can't stop what we have begun
And love just took me by surprise, looking through your eyes

I see a night I wish could last forever
I see a world we're meant to see together
And it is so much more than I remember
More than I remember
More than I have known

Here in the night, I see the sun
Here in the dark, our two hearts are one
Its out of our hands, we can't stop what we have begun
And love just took me by surprise, looking through your eyes
Looking through your eyes
