

The Corrs, On Your Own

Oh, oh, goodnight hush now baby, go to sleep
I've read your bedtime story, kissed your cheek
And just like Humpty Dumpty, yeah, the damage is deep
I've taken a tumble but now I roll to my feet
Oh, baby I'm sure, 'cause

Oh, I have such clarity, I'm flying above
You've lost all control, what are you gonna do now?

You're on your own, yes you are
You're on your own, yes you are

Goodbye sugar sweetness, love so deep
This game is truly over, time to weep
Oh, Baby I'm true, 'cause
Oh, I have such clarity, I'm flying above
You've lost all control, what are you gonna do now?

You're on your own, baby, yes you are
You're on your own, yes you are

Oh, I have such clarity, I'm flying above
I've lost all control, what are you gonna do now?

You're on your own, baby, yes you are
You're on your own, yes you are, yeah...
