

# The Corrs, Overcome

even now  
the world is bleedin'  
but feelin' just fine  
all numb in our castle  
where we're always free to choose  
never free enough to find  
i wish somethin' would break  
cuz we're runnin' out of time

and i am overcome  
i am overcome  
holy water in my lungs  
i am overcome

these women in the street pullin' out their hair  
my master's in the yard  
givin' light to the unaware  
this plastic little place  
is just a step amongst the stairs

and i am overcome  
i am overcome baby  
holy water in my lungs  
i am overcome

so drive me out  
out to that open field  
turn the ignition off  
and spin around  
your help is here  
but i'm parked in this open space  
blockin' the gates of love

i am overcome  
i am overcome  
holy water in my lungs  
i am overcome

beautiful drowning  
this beautiful drowning  
this holy water  
this holy water is in my lungs  
and i am overcome  
i am overcome  
i am overcome  
i am overcome
