

The Corrs, Remember

I see you in my memory
As vivid as today
And I wonder do you see me
In that same familiar way

Oh another place another time
We'll meet again
And you'll be mine
Oh cause nothing can compare to you and I

Wasn't it true
Do you remember like I do
Is it all tainted in your view
Could I just be a dream or two
Away from you

Now I know it was so special
Every single way
You know I'd go right back there
If you take me back today

Cause I know there's no one to replace you
In my mind

Wasn't it true
Do you remember like I do
Is it all tainted in your view
Could I just be a dream or two
Away from you

Do you remember?
Really remember?

Do you remember?
Really remember?

Wasn't it true
Do you remember like I do
Is it all tainted in your view
Could I just be a dream or two
Away from you
