So when I fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go Fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go  
Reach for the night This is are time  
I'm taking em back (my wishes)  
I'm taking em all back  
I tried to leave and I ended right here  
I tried to leave and I ended right here  
So when I fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go fall apart for days  
Falling fast asleep I'll take this to my grave  
I'll need it when I go  
Just breathe this in  
Just breathe this in
