

# The Cranberries, All Over Now

do you remember  
remember the night  
at a hotel in London  
they started to fight  
she told her man that  
she fell on the ground  
she was afraid that  
the truth would be found

do you remember  
do you recall  
do you remember  
I remember it all

it's all over now  
it's all over now  
it's all over now  
it's all over now

do you remember  
remember the place  
in a hotel in London  
a scar on her face  
she told her man that  
she fell on the ground  
she was afraid that  
the truth would be found

do you remember  
do you recall  
do you remember  
I remember it all

it's all over now  
it's all over now  
it's all over now  
it's all over now

it's all over now  
it's all over now  
it's all over now  
it's all over now
