

# The Cranberries, Not Sorry

I keep on looking through the window again  
But I'm not sorry if I do insult you  
And I'm sad, not sorry 'bout the way that things went  
And you'll be happy and I'll be forsaken thee  
I swore I'd never feel like this again  
But you're so selfish  
You don't see what you're doing to me

I keep on looking through the window again  
No, I'm not sorry if I do insult you  
No, I'm not sorry if I do insult you

You told me lies  
And I sighed, and I sighed, and I sighed  
Cause you lied, lied  
And I cried,  
Yes I cried, yes I cry, I cry, I try again  
I realize  
As you sighed, and you sighed, and you sighed  
Cause you lied, lied  
And I cried,  
Yes I cried, yes I cry, I cry, I die again

Keep on looking through the window again  
But I'm not sorry if I do insult you  
I'm sad not sorry 'bout the way that things went  
And you'll be happy and I'll be forsaken thee  
I swore I'd never feel like this again  
But you're so selfish  
You don't see what you're doing to me

Keep on looking through the window again  
And I'm not sorry if I do detest you  
No, I'm not sorry and I do detest you

You told me lies  
And I sighed, and I sighed, and I sighed  
Cause you lied, lied  
And I cried,  
Yes I cried, yes I cry, I cry, I try again  
I realize  
And you sighed, and you sighed, you sighed  
Cause you lied, lied  
And I cried,  
Yes I cried, yes I cry, I cry, I try again

Keep on looking through the window again  
Keep on looking through the window again
