

The Cranberries, Such A Waste

Pitiful reaction
Pitiful disgrace
Pitiful reaction
You should have known your place

Pitiful reaction
Pitiful idea
Pitiful reaction
I'll club you in the ear

I'll put you in the back dear
I'll punch you in the face
I'll put you in the back
Because you never know your place

I have a new perception
Got a new idea
I have a new perception
I'll club you in the ear

What a waste of my time
What a waste
What a waste of my time
Your such a waste (x6)

I have a new perception
Got a new idea
I have a new perception
I'll clob you in the ear

I'll put you in the back dear
I'll punch you in the face
I'll put you in the back
Because you never know your place

What a waste of my time
What a waste
What a waste of my time
Your such a waste (x6)
