The Cranberries, Time Is Ticking Out

We'd better think about the things we say We'd better think about the games we play The world went round, around and round

We'd better think about the consequences We'd better think about the global senses The time went out, the time went out

What about Chernobyl?
What about radiation?
We don't know, we don't know

What about deprivation?
Gluttony, the human nation?
We don't know, we don't know
For me love is all, for me love is all
For me love is all.

Time is ticking out

Looks like we screwed up the ozone layer I wonder if the politicians care And time went out, and time went out

What about our children then?
Is there nothing left for them?
We don't know, we don't know
For me love is all, for me love is all
For me love is all, for me love is all
Ahh they need oxygen, ahh they need oxygen
For me love is all, for me love is all
For me love is all, for me love is all

Time is ticking out yeah The time is ticking out
