

# The Creepshow, The garden

There's a dark fading light  
In the garden where you  
Lay your head tonight  
Through the darkened hours  
Were you thinking of me?  
A state of sleep  
Is what you'd rather be  
There's a pale  
Purple moonlight  
In the garden where you  
Lay your head to die  
Frozen dreams and nightmares  
Have you forgetting a dream  
Of what you always thought  
You could have been  
Hey don't draw the line  
Did you know that you're right  
So baby blue don't cry  
Don't you go now  
Don't you go now  
There's a stale morning light  
In the garden where you lay  
All through the night  
Through this poisoned nightmare  
Have you set yourself free?  
With thoughts and dreams  
Of what you're gonna be  
Hey don't draw the line  
Did you know that you're right  
So baby blue don't cry  
Don't you go now  
Don't you go now  
Hey don't draw the line  
Did you know it'll be all right  
So baby blue don't cry  
Don't you go now  
Don't you go now  
Hey don't draw the line  
Did you know it'll be all right  
My baby blues don't cry  
Don't you go now  
Don't you go now  
Hey don't draw the line  
Did you know that you're right  
So baby blue don't cry  
Don't you go now  
Don't you go now
