

# The Cross, Closer To You

Wasn't looking for love  
But you found me anyway  
Like a shot from a gun  
You just blew me away  
Cos you got the power  
And you got control  
Ain't got no strength  
And I can't fight it all

I'll be what you want me to be  
And I'll do what you want me to do  
And I'll see what you want me to see  
If that's what it takes to get closer to you

Well I'm down on my knees  
Cos you got me in chains  
So you do what you please  
And you drive me insane

Cos you got the power  
And you got control  
Ain't got no strength  
And I can't fight it all

I'll be what you want me to be  
And I'll do what you want me to do  
And I'll see what you want me to see  
If that's what it takes to get closer to you

Hey if that's what it takes  
If that's what it takes  
If that's what it takes to get closer to you now

I'll be what you want me to be  
And I'll do what you want me to do  
And I'll see what you want me to see  
If that's what it takes to get closer to you

Be what you want me  
Do what you want me  
I'll see what you want me to see  
To get closer to you

Closer to you babe  
Closer to you  
If that's what it takes to get closer to you
