

The Crystals, There's No Other Like My Baby

There's a story I want you to know
'Bout my baby, how I love him so
(There's no other like my baby, no no no no)
Tell you now
(There's no other, don't mean maybe, no no no no)
Walking down the street in a crowd
Looking at my baby feeling so proud
Whoa-oh-oh-ohhhhhh
(There's no other like my baby, no no no no)
While at a dance, my baby by my side,
He whispers to me, someday I'll be his bride
Whoa-oh-oh-ohhhhhh
(There's no other like my baby, no no no no)
(Johnny) No no, not like my baby
(Harry) No, not like my baby
(Bobby) He's not like my baby
I wanna tell you now
(There's no other) There's no other (like my baby, no no no no)
