

The Cult, Diamonds

Drop all your
You ain't got nothing to say
My girls no flirt she can walk
and she walks like she talks

My girl fade away
she got diamonds every day
don't even
when she walks away
she's all mine
she decides

She's got diamonds
on the inside
my girl
she's got diamonds
on the inside

she watch the world fade away

ignore every look that you throw down
and she stands around

She's got diamonds
on the inside
she's my girl
she's got diamonds
on the inside
she's my girl
She's a diamond
She's my girl
on the inside
she's my girl
