

The Cult, I Believe

I believe

Living with you

It brings me through

Night and day

Yes I believe

Living with you

It brings my love

Home to stay

Oh, I believe

Oh, I believe

I believe

The things that you do

They bring your heart

Shining on through

And when we make love

And when we hold hands

Then I believe

We do got a chance

Oh, I believe

Oh, I believe

Don't you know

I believe

Don't you know

O believe

Oh, I believe

Oh, I believe
