

# The Cure, Just Say Yes (Curve Remix)

Say this is it  
Don't say maybe  
Don't say no  
Say this is it  
Don't say hold on  
Don't say slow  
Say this is it  
Don't say next time  
Don't say when  
Say this is it  
Don't say later  
No don't say then  
Just say yes! Do it now!  
Let yourself go!  
Just leap! Don't look!  
Or you'll never know  
If you love it  
You might really love it...  
If you love it  
You might really love it!

Oh come on and love it!

Yeah this is it  
Don't be cautious  
Don't think twice  
This is it  
Don't play it safe  
Don't put it on ice  
Yeah this is it  
Don't chew it over  
No don't kick it around  
This is it  
Don't wait and see  
Don't try to work it out

Just say yes! Do it now!  
Let yourself go!  
Just leap! Don't look!  
Or you'll never know...  
If you love it  
You might really love it...  
If you love it  
You might really love it!

So don't tell me  
It could all go wrong  
No don't tell me  
It could all be a mess  
Oh don't tell me  
It could all be a waste of time  
Just say oui! Si! Sim! Da! Ja! Yow! Igen! Kylla!  
Just say yes!
