

The D.E.Y, She Said

This goes out to all the mothers of the world we love you te quiero

You know we had to do it for our mama mama

Tenia que hacerlo para mi mama mama

You know I'm gonna do it for my mama mama

Twelve hours on her feet

And she worked like a slave

She didnt make al lot of money

But the bills got payed

Every day she held the pain

And I've never seen her cry

And no matter how much she hurted

It was her only way to survive

And I'll never forget

(And I'll never forget)

What you've done for me

(What you've done for me)

And I'll do my best

(And I'll do my best)

To make you proud of me

(Proud of me)

[Chorus:]

She said

Girl I just want you to have

A better life then me

She said

Get a good job so you can raise a family

She said

I'm not the kind of people you look up too

But I don't think you understand

I wanna be just like you

Yeah

I remember laying in the bed

Ma

I remember everything you said

Putting a colado on my head

Cantando titinolma en la sala bailando

Ma you know it

That's why you always play music

Mama

You used to say my lil man is gonna do it

She said

Don't be a liar

Spit that fiar

My moms a rider

She a cancer survivor

I could never figure out how we made it thru

I did it by myself and I had no one to come home to

Still she lived her life

And prayed at night to make it thru another day

And eaven when I saw the pain in her eyes she tells me everything is ok

And I'll never forget

(Never)

What you have done for me

And I'll do my best

(My best)

To make you proud ov me

(make you proud)

She said girl I just want you to have a better life then me

She said

Get a good job so you can raise a family

She said

I'm not the kind of people you look up too

I don't think you understand I wanna be just like you

Oooo oh oo oh

Everytime you taught me to me
I lived by faithfully
You would be so proud to see
(The woman I've become)
Oh oh
That I'm gonna give back to you
Because that's what I wanna do
Mama I love you
(More than anything)
Oh oh
Yeah mami man she told me
Busca un camino mijo
En tus manos es donde esta tu destino
Dijo
Estas cansado piensa en lo que sufrimos
Para estar donde estamos
Piensa en lo que vivimos
Que el fin de la tierra lo tienes
No dejes que la fama success
Te posees tu eres un ijo de god bless
Todo lo que haces confia en lo que tu crees
Ooh
