

# The Dandy Warhols, Dick

They say everything I could think  
Think every think I could leak  
Hear every word without listening  
I'm a dick  
I'm gonna know everything  
Know everything that was true  
Seen everything I could see  
Been everything I could be  
I'm a dick  
Waiting to be kicked  
Read everything I could read  
Have everything I could need  
Seen everything I could see  
Been everything I could be  
I'm a dick  
Waiting to be kicked
