

The Dandy Warhols, Green

You opened the door,
I let myself in.
Between you and me,
I only believe
what I want to believe.
I guess it's because I'm
Greener than green.
Only because I'm green.
(repeat 2x)

I came up to your floor
You were dressed just a little
Obscene.
And it shut me down
Quite sexually
Like a pre-adolescent
Because I'm greener than green.

Only because greener than green.
Only because I'm green.
