

# The Dandy Warhols, The Dope (Wonderful You)

Wonderful you  
The dope you are  
And beautiful me  
Came for your party.  
Well lately I can't stop talking about you.  
And mainly I'm wondering why in the hell I left without you.

Take heart  
Because you're art  
And you're loved,  
Not that only.  
Take heart  
Because you're art  
And you're loved,  
Just not only.

Maybe I do  
Maybe do ya.  
Now think about me  
Coming onto ya  
Or maybe I would if I maybe knew ya  
And maybe you want me  
Or maybe you want me to be it to you.

Take heart  
Because you're art  
And you're loved,  
Not that only.  
Take heart  
Because you're art  
And you're loved,  
Just not only.

Because you're art  
And you're loved,  
But not only
