

The Daylights, Outsider

Lalalalalalalalala

Lalalalalalalalalala

Standing on the edge of the begining and the end

Ohh so this is what it feels like

87th floor of a high rise in New York

Ohh there's something new this time

And I know since I was young

And I feel it in my bones

And this is how it's always meant to go

Right here above the street

Watching the city span beneath

I couldnt help but feel like an outsider

Lifting up off the ground

Seeing for the first time now

This is where I became an outsider

I couldnt help but stare when I caught them standing there

Ohh I could see it in their eyes, yea I saw it in their eyes

And I can hear the song it's been playing all along

Ohh can you hear the singing

And I know since I was young

And I feel it in my bones

This is how it's always meant to go

Right her above the street

Watching the city span beneath

I couldnt help but feel like an outsider

Lifting up off the ground

Seeing for the first time now

This is where I became an outsider

Ohh singing it yea

This is how it's always meant to go

Right here above the street

Watching the city span beneath

I couldnt help but feel like an outsider

Lifting up off the ground

Seeing for the first time now

This is where I became an outsider
