

The Deftones, Hole In The Earth

Can you explain to me how
Your so able (how?)
It's too late for me now
There's a hole in the earth (a hole in earth)
There's a hole in the earth (a hole in the earth)
I'm out..

Can you explain to me now your still able (why?)
I think you know the truth
There's a hole in the earth (a hole in the earth)
I'm out
Hey all of my friends
They all attack
Sometimes
There's a hole in the earth
I'm out..
There's a hole in the earth
Mistake...
I'm out..
This is the end (somewhere)
This is the end
Somewhere...
There's a hole in the earth
There's a hole in the earth
Hey all of my friends
I'm out...
There's a hole in the earth
Hey..
Somewhere
