

The Derek Trucks Band, Already Free

I am my father's child
Am my father's child
Train that's bound for nowhere
Runnin' free and wild
I am my father's child

The world has passed me by
World has passed me by
See the comin' shadows
Ain't got time to cry
The world has passed me by

I am already free
Am already free
Goin' be like Christmas
When the devil come for me
Am already free
